Natural Yard Care Workshop Schedule

Mark Your Calendars!

Our workshops teach you how easy and rewarding natural yard care can be. They're fun, informative, and FREE! Each workshop is open to the public.

Workshop 1: Garden Design & Growing Healthy Soil

Wednesday, September 21, 7-9pm

Any beautiful landscape starts with good design, and a natural yard is no different. King County's Doug Rice, landscape architect and co-host of *Yard Talk* on KCTV, will share professional advice and resources to get you started right with Garden Design. Lisa Taylor of Seattle Tilth will discuss the importance of Growing Healthy Soil. You'll learn how to improve your yard's soil—and grow more attractive, robust plants—by mulching, food waste composting and top dressing.

Workshop 2: Smart Watering and Designing with Plants

Wednesday, September 28, 7-9pm

Greg Butler, owner of Design of the Times, offers Smart Watering, a presentation brimming with excellent suggestions about how to use less water in your yard and garden. Greg Rabourn of King County and co-host of *Yard Talk* on KCTV will present Designing with Plants. This segment offers natural yard design options that don't rely exclusively on having a lot of lawn. Greg will help you choose beautiful plants that will thrive in your yard's soil and sun conditions.

Workshop 3: Designing a Natural Lawn & Natural Pest Control

Wednesday, October 5, 7-9pm

Ladd Smith from In Harmony Sustainable Landscapes will present Designing a Natural Lawn. He'll discuss mulch mowing, slow-release fertilizers and other natural ways to help you grow a beautiful, healthy lawn. We'll round out the series with an entertaining and informative presentation by Dan Corum on Natural Pest Control. Hear Dan's professional secrets, collected during years of work at the Woodland Park Zoo.

You could win free natural yard care products and services!

Enter for a chance to win the grand prize mulching mower at every workshop you attend!

Location:

Kent Meridian High School - Cafeteria
10020 SE 256th St. | Kent, WA 98030
